

## 8<sup>th</sup> Grade Spelling Lessons

*Stories for Spelling Success* is a motivational spelling program designed for students at the eighth grade level. On the first page of each lesson, twenty-five misspelled words are presented in a story which ends in a joke, a play on words, or an unexpected twist. The second page of each lesson is a puzzle which students solve by using the twenty-five words from the previous page.

Besides improving spelling ability, these lessons develop vocabulary and provide practice in using dictionary skills. In each of these spelling lessons, students will identify the misspelled words, learn to spell them correctly (using their dictionary), and solve the related puzzle by applying their knowledge of spelling and definitions.
