25  No School	26  No School	27  No School	28  No School	29  No School

The Cafeteria system is a prepaid system, all students and teachers should have money added to their account prior to the start of the school year and should maintain funds in the account during the school year. Students who receive a free or reduced price lunch do so anonymously. Aviston Elementary also offers an online program called E-Funds through Chalkable for parents/teachers to review balances and pay for lunches online, ask the office for more information.
