# INTRODUCTORY INFORMATION AND GENERAL SCHOOL INFORMATION

## PURPOSE 1.00

Aviston Elementary District #21 exists for the purpose of educating all children within its assigned boundaries. To be effective and successful in this effort, ample and constant communications between school and family are necessary.

The Parent & Student Handbook is intended to be a guide that will assist with general information about Aviston Elementary District #21. It is not intended to provide all the answers to every question, but it is a framework that outlines services and responsibilities of students, families and the school.

## BOARD OF EDUCATION 1.10

The Board of Education of Aviston Elementary District #21 is directed by law to serve a two-fold service: as elected officials of the State of Illinois and local representatives of taxpayers of this District. Board members are:

- |                             |                              |
|-----------------------------|------------------------------|
| Brad Eversgerd - President  | Keith Thole - Vice President |
| Kristi Toennies - Secretary | Craig Strubhart              |
| Randy Voss                  | Scott Schulte                |
| Melissa Kohnen              |                              |

The regular business meeting of the Board of Education is held on the third Wednesday of each month at 7:00 PM at the Aviston Elementary District #21. Board members are elected by the people of the District to represent them in determining policies governing overall operation of the District. The meetings are open to patrons of our school and guests are cordially invited.

## PHILOSOPHY 1.20

The Board of Education at Aviston Elementary believes that the child is at the heart of the educational program. Aviston Elementary enrolls students in Preschool through Eighth Grade. Childhood and adolescence are precious in their own right as a time to be cherished and not merely as a time of preparation for the future.

The primary responsibility of all those connected with our school is to motivate our children and to arrange a safe environment for the school so that children will want to learn and enjoy the learning process. Each individual child is to be given as much attention to personal growth as possible. We prefer to see children compete with themselves rather than with other children, but we recognize that competition helps children deal with the realities of life.

We believe that each individual child has the right to the best education possible and that the education provided at Aviston Elementary will help to develop each child as an individual person. Each child has the right to a free and equal public education.

We believe that education is a combination of an individual's experiences at home, in school and in society. These in turn should promote the moral, spiritual, intellectual, ethical, social and emotional growth of the individual.

We believe that children need to learn self-discipline early in their lives. This self-discipline will enable each child to advance through the various stages of growth into adult life as a happy, well-adjusted citizen of our free society.

We believe that school personnel should encourage parents/guardians to work closely with the professional staff toward the attainment of these ideals and toward the development of the best possible educational program for the community of Aviston.

The Parent & Student Handbook is intended to be a source of information concerning Aviston Elementary District #21, Clinton County, Illinois. It should give parents/guardians and students a better understanding of the operations of the school. To accomplish our educational philosophy, cooperation between home and school is necessary.

### **SCHOOL TERM 1.30**

Illinois School Law requires a minimum school calendar of 176 days including teacher School Improvement Days, which are approved by the Regional Superintendent of Schools in order to qualify for state aid. A legal school day, which may be counted toward sharing in state aid, is a minimum of five clock hours.

### **SCHOOL HOURS 1.40**

The school building opens at 7:15 AM for those who attend the morning religion program. Students should not arrive prior to 7:15 AM. Students not attending the morning religion program should not arrive until after 7:45 AM and should wait in the school cafeteria for the first bell to ring at 8:15 AM. Students should be in their classrooms and seated by 8:25 AM (tardy bell). School dismisses at 3:00 PM.

### **ENROLLMENT 1.50**

A child may be enrolled in Kindergarten if five years old on or before September 1. A child may be enrolled in First Grade if six years old on or before September 1.

Illinois State Law requires that parents/guardians prove a child's age by presenting a certified copy of a birth certificate (not a hospital record). A medical examination not more than 12 months old must also be signed by the family physician and presented prior to the first day of school by all Preschool, Kindergarten, 6th Grade and transfer students.

Students enrolling in an Illinois school for the first time must show evidence of immunization against measles, tetanus, diphtheria, polio, pertussis, varivax, hepatitis B and chickenpox (varicella) and are also required by law to have a new physical examination by a physician, signed and dated.

Parents/guardians should provide the school with any information that will help teachers to best care for their child's health.

If a child does not comply with the health examination and immunization requirements by October 15 of the current school year, the child must be denied admission to school. The student will be readmitted upon proof of compliance regarding health examination and immunizations. (Also see 5.10)

## **VISITORS 1.60**

All visitors, including parents/guardians and siblings, are required to enter through the front door of the building and proceed to the main office. The doors to the main hall will be locked electronically at the start of each school day. Parents/guardians and visitors wishing to enter the building will need to press a button (located to the left of the door) and wait in the security vestibule until office personnel unlock the security door electronically. While this procedure may take an extra minute, the benefits of keeping our school safe are necessary. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must enter the office to sign-in and identify their name, date, time of arrival and the classroom or location they are visiting. All visitors must return to the main office and sign out before leaving the school.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to act in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespassing and/or disruptive behavior.

## **EQUAL OPPORTUNITY AND SEX EQUITY 1.70**

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy. No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services or benefits or be limited in the exercise of any right, privilege, advantage or denied equal access to educational and extracurricular programs and activities. Any student or parent/guardian with a sex equity or equal opportunity concern should contact the Superintendent.

## **INVITATIONS AND GIFTS 1.80**

Party invitations or gifts for classmates should not be brought to school to be distributed unless approved by a teacher. Items such as these are of a personal nature and should be handled outside of school. The office is unable to release addresses, phone numbers and/or email addresses of students and family members.

## **SCHOOL CLOSING - INCLEMENT WEATHER 1.90**

The automated phone system will be used to notify parents/guardians of any school closings or early dismissals. Because our District shares buses with others, the decision is made by the Clinton County Consortium. The automated phone system will call designated numbers to inform everyone within 30 minutes of a decision to close school.

In the case of a closing for non-weather related issues, the automated phone system will again be the primary means of contacting parents/guardians.

For your child's safety, make certain you have an emergency plan in place in case of an early dismissal. If the school is dismissed early for an emergency, all after-school functions are automatically canceled.

## **STUDENTS WITH FOOD ALLERGIES 1.100**

State law requires our District to annually inform parents/guardians of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the Superintendent.

## **STUDENT WELLNESS POLICY/TREATS AND SNACKS 1.110**

In order to promote better health among our students, food and drink brought into the classroom is prohibited unless approved at the teacher's discretion and Superintendent's approval. Parties called at the teacher's discretion with the Superintendent's approval for special occasions will be allowed. Healthy food choices will be encouraged at all celebrations.

Because of the increased number of students with food allergies and seriousness of the matter, please respect the Wellness Policy.

## **ACCOMMODATING INDIVIDUALS WITH DISABILITIES 1.120**

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs or activities. Individuals with disabilities should notify the Superintendent if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program or meeting.

# **ATTENDANCE, PROMOTION AND COURSES**

## **ATTENDANCE POLICY 2.00**

The Illinois School Code requires parents/guardians to have children between the ages of 6-17 in school with regular attendance. The child's progress in school requires regular attendance. Students should have regular attendance while in good health. If the student's health or classmate's health would be endangered, the child should be at home and possibly under the care of a physician. If a communicable disease has caused absences, then a doctor's written statement should accompany the child's return to school.

Parents/guardians should contact the school office by 9:00 AM to report absences, giving the child's name, grade and cause of absence. Absences can be reported to the office by phone or email.

**Absence** - There are 2 types of absences: excused and unexcused.

- **Excused** absence includes illness (up to 10 of the last 180 school days without a doctor's note), observance of a religious holiday, death in the family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, medical appointments with a doctor's note or other reasons approved by the Superintendent.

- **Unexcused** absence is any absence that is not listed above.

For an absence to be considered excused, a parent/guardian must notify the school via phone, email or note. The determination as to whether an absence is classified as excused or unexcused is the sole responsibility of the school. The responsibility of the parent/guardian is to report the absence to the office.

A note from a physician must be presented for children who miss more than ten days per year due to illness. After ten days excused at the parent's/guardian's discretion for illness, absences will be counted as unexcused unless a doctor's note is provided.

Planned Absences - each student receives two days of planned absences per school year as long as the absences are reported to the teacher and the school office prior to the days out, without approval by the Superintendent. After two days, all other days must be approved by the Superintendent to be considered excused. Parents/guardians are urged to not take vacations during the school year. When a child is absent, it is their responsibility to make up work that is missed within a reasonable amount of time. Please consult with the teacher to schedule make-up work.

**Tardy** - Students should be in their classrooms by 8:25 AM (tardy bell). If a student arrives after the tardy bell, the student must report to the office with a written excuse signed by a parent/guardian. If a child must leave school early for any reason, a written excuse, signed by a parent/guardian, must be given to the homeroom teacher and will then be forwarded to the office. Students must sign out from the office any time they leave the campus.

An excused tardy will be the result of a medical appointment or other unavoidable event that can be documented by the parents/guardians with a note or phone call. One tardy per year will be waived if it is excused for the purposes of awarding perfect attendance.

An unexcused tardy will be the result of a late arrival that is not a medical appointment or unavoidable event. For the purposes of the District, five unexcused tardies will be counted as a day of absence.

Students are considered tardy if they miss anywhere from 1-62 minutes of school. If they miss between 63-150 minutes, they are considered absent for half of the day. If they miss more than 151 minutes of school, they are considered absent for the entire day. The District must follow these guidelines completely in order to satisfy the Illinois State Code.

## **TRUANCY 2.10**

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by Aviston Elementary. A parent/guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which can result in either thirty days in jail and/or fine of up to \$500.00.

Per the Regional Office of Education's (ROE) policy, if a student has four unexcused absences, a warning letter will be sent to the student's parents/guardians and a letter will also be sent to the ROE's Regular Attendance Program (RAP). After six unexcused absences, another letter will be sent to the student's parents/guardians and a letter will also be sent to the ROE's RAP. Truancy officers with RAP will then monitor the student's attendance and if a student reaches nine unexcused absences, the student will be considered "chronic" truant and will be turned over to the Truancy Office. RAP and truancy officers will work with the parents/guardians to encourage regular attendance for the student.

If, after the truancy officer and parents/guardians have met and the student continues to have truant behavior, the student and parent/guardian will be required to meet before the Regional Truancy

Board to review the reasons and consequences of the child's truant behavior. This meeting will be held at the Courthouse of the appropriate county and will be presided over by the Regional Truant Officer.

All unexcused absences go back 180 school days.

### **HOME AND HOSPICE/HOSPITAL INSTRUCTION 2.20**

A student who is absent from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction as well as for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact the Superintendent.

### **GRADING AND PROMOTION 2.30**

The decision to promote a student to the next grade level is based on successful completion of the curriculum.

### **RETENTION 2.40**

Retaining students is a serious action. Factors to be considered in retention include: grades, attendance, benchmark testing and teacher recommendation. Parents/guardians will be notified by April 1 if the teacher believes there is a possibility the child will be retained. In order to prevent retention, a plan will be developed to assist the child and will involve the parents/guardians. If retention is being considered, a conference with the teacher, parents/guardians and Superintendent will be held. The final decision will rest with the school administration.

### **PHYSICAL EDUCATION 2.50**

All children are required by law to take an active part in the physical education program. All students should have a pair of tennis shoes to wear in the gymnasium.

If a student must be excused from P.E. for more than three days because of an injury, a doctor's note is required. A doctor's note is also required for a student to come back after an injury.

## **STUDENT FEES, MEAL COSTS AND LUNCH PROCEDURES**

### **FINES, FEES AND CHARGES; WAIVER OF STUDENT FEES 3.00**

The school establishes fees and charges to fund certain school activities. Students will not be denied educational services or academic credit due to a parent/guardian that is unable to pay. Students whose parent/guardian is unable to pay the fees or charges may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, materials, supplies and/or equipment.

Applications for fee waivers may be submitted by a parent/guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household meeting the free lunch guidelines established by the federal government pursuant to the National Lunch Act; or

2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code.
3. The Superintendent will give additional consideration when one or more of the following factors are present:
  - An illness in the family;
  - Unusual expenses such as fire, flood, storm damage, etc.;
  - Seasonal employment;
  - Emergency situations; or
  - When one or more of the parents/guardians are involved in a work stoppage.

The Superintendent will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed with the Superintendent.

### **LUNCH PROGRAM 3.10**

The Aviston Elementary District #21 in cooperation with the U.S. Department of Agriculture will follow the guideline policies set by the U.S.D.A. to provide free and reduced price lunches to children whose family cannot afford the price of the school lunch. Students who receive a free or reduced price lunch do so anonymously. The student ID program used by Aviston Elementary prevents anyone from telling whether a child pays cash or receives a free or reduced lunch.

Grades Kindergarten - Grade 3 take a milk/juice break throughout the day. This milk/juice at milk break is NOT included as part of the free or reduced lunch program.

Online payments are available. Because the cafeteria system is a prepaid system, all students should have money added to their account prior to the start of the school year and should maintain funds in the account during the school year.

Lunch is \$2.80 per day. Milk prices are \$.35 per milk per day. A student that eats lunch and has additional milk at milk break, will spend \$3.15 per day.

Students will receive a reminder statement if their account has a negative balance.

### **LEAVING THE SCHOOL GROUNDS FOR LUNCH 3.20**

Students may go home for lunch. For safety reasons, they must bring a dated, signed note for each day or a note for the year, indicating their intent to go home during their lunch and recess time. Students must sign out when leaving the premises and sign back in upon their return. Permission will not be granted for a student to go to another's home for lunch unless approved by the Superintendent.

Parents/guardians, grandparents or siblings may also take a student off campus for lunch, however, the student must be signed out when leaving the premises and signed back in upon return.

Parents/guardians may call the school if special circumstances are present that may warrant an exception to this policy.

A student will receive a tardy if they do not return during their designated lunch/recess time.

### **RECESS 3.30**

Recess is the period before or after lunch when the students are given leisure time to be used for appropriate recreation. During this time period, the students are expected to follow the rules for recess and work on fair play and getting along with others. (See 6.30)

During recess, all students are encouraged to go outside. The exceptions are as follows:

1. Students who are ill or under a doctor's care and have a note from the doctor or parent/guardian advising of such.
2. Students who have a note from a teacher to participate in an activity or discipline action (Grades 6-8).
3. Students/classes chosen by the supervisor to partake in indoor recess in the classrooms and/or gym.

### **BOOK RENTAL AND TECHNOLOGY FEES 3.40**

Book rental is charged on textbooks and technology fees are charged on the use of any technology at Aviston Elementary. Fees may change from year to year, depending on the school's expenses. The fee charged is a token fee and does not cover the total cost of textbooks. Several consumable resources used by students in class are also partially covered by this fee.

Fees can be paid after July 1. Arrangements must be made with the bookkeeper if an installment of payments is needed.

Aviston Elementary will provide free textbooks and materials to any student who qualifies for the free or reduced lunch program and whose parent/guardian signs the appropriate waiver form.

Checks should be made payable to Aviston Elementary District #21. If a textbook or workbook is damaged or lost, the student will be issued another and charged for the cost of the textbook or workbook.

All money received will be applied to books and technology fees prior to extracurricular fees.

## **TRANSPORTATION, BUS RULES AND PARKING**

### **TRANSPORTATION 4.00**

Aviston Elementary provides bus transportation to and from school for students living 1.5 miles or more from school or for students who live in an area designated as appropriate for bus transportation.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by a school administrator.

### **BUS RULES 4.10**

1. Be on time at the designated bus stop to keep the bus on schedule.
2. Stay off the road at all times while waiting for the bus.
3. Stay off the property of others while waiting for the bus.
4. Be careful when approaching the place where the bus stops. Do not move toward the bus until the bus has been brought to a complete stop.
5. Students must obey directions of the bus driver at all times.
6. Students must stay seated while riding the bus.
7. Students must board the bus in an orderly fashion without pushing or shoving.
8. Students should not talk to the driver while the bus is moving.

9. Arms, heads and hands must remain inside the bus.
10. Students should get up to exit the bus after it comes to a complete stop.
11. No eating or drinking of any kind is allowed on the bus.
12. Students who damage the bus will be responsible for repairs and face consequences.
13. Students will have an assigned pick up and drop off location. A note needs to be sent to your child's teacher on the occasion that your child needs to be picked up or dropped off at a different location. Notes will be sent to the school office for approval.
14. Students should remain in the seats during an emergency situation.
15. Students must be silent at all railroad crossings.
16. Aisles must be clear of feet, books, packages, coats, instruments, etc.
17. Bus rules apply to all school functions including field trips and sporting events.
18. Students must follow the Parent & Student Handbook (General Rules 6.0) behavior guidelines.
19. Behavior problems on the bus will result in disciplinary actions.
20. Cell phones and smart watches must be turned off upon entering the bus and remain in the student's backpack until exiting the bus.

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in repeated or gross disobedience or misconduct. If a student is suspended from riding the bus, the school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

#### **PARKING 4.20**

Parents/guardians dropping off and picking up children may do so by parking in the east parking lot location. Vehicles may use the Fire Lane for drop off from 7:45 AM - 8:25 AM only. It is illegal to pass or park in the Fire Lane. Traffic in this lane flows from north to south. Accessible and No Parking Zones are clearly marked. Illinois State Law also prohibits the use of cell phones while driving in school zones, regardless of hands-free mode. All parking lot entry on the east side of the building is via Hull Street and exit is via Fourth Street.

## **HEALTH AND SAFETY**

#### **HEALTH 5.00**

Students who have had a fever over 100.4°, unless advised differently by the CDC or IDPH, in the past 24 hours should remain at home until they are fever-free for 24 hours without medication. A child with a fever may be contagious and should remain at home.

Students who have been vomiting or have had contagious (viral or bacterial) diarrhea must remain home until they are 24 hours without an episode.

#### **IMMUNIZATION, HEALTH, VISION AND DENTAL 5.10**

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering Preschool and Kindergarten;

2. Entering the Sixth Grade;
3. Enrolling in an Illinois school for the first time, regardless of the student's grade level; and
4. Transfer students.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reason causing the delay. An appropriate medical professional must sign the schedule and statement of medical reason.

### **EYE EXAMINATION**

All students entering Kindergarten or the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry.

### **DENTAL EXAMINATION**

All children entering Kindergarten and Grades 2-6 must present proof of having been examined by a licensed dentist before May 15 of the current school year.

### **EXEMPTIONS**

A student will be exempt from the above requirements for:

1. Religious or medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
4. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

### **STUDENT MEDICATION 5.20**

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "Student Medical Authorization Form." Forms are available online or in the school office. A new form must be completed for each school year and signed by the licensed health care provider.

Furthermore, the prescription and a parent/guardian note must accompany the Student Medical Authorization Form and the medication must be kept in the school office and in its original container.

A student may possess an epinephrine auto-injector (EpiPen® or AUVI-Q®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed an "Authorization for Student Self-Medication Form". Aviston Elementary shall

incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless Aviston Elementary and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Employees will give epinephrine injections in an emergency situation.

### **GUIDANCE AND COUNSELING 5.30**

The school provides a guidance and counseling program for students. The school's counselor(s) is available to those students who require additional assistance. Classroom teachers or administration may be contacted to initiate guidance and counseling visits.

### **SAFETY DRILL PROCEDURES 5.40**

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, (1) lock down drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

### **ASBESTOS 5.50**

On December 28, 2001, Aviston Elementary received notification from the Illinois Department of Public Health that the required elements have been met to file an exclusion with the U.S. Environmental Protection Agency. This means there is no asbestos in the building. Aviston Elementary is required to comply with the Asbestos Hazard Emergency Response Act. The designated person for the school is the Superintendent, who can answer questions regarding this issue.

### **COMMUNICABLE DISEASE 5.60**

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents/guardians are required to notify the office if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parents/guardians.
3. The school will provide written instructions to the parents/guardians regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parents/guardians provide a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

### **FIRST AID 5.70**

First aid supplies are kept in the school office. The school secretary, bookkeeper or administrator will attend to a student needing first aid.

When a child becomes ill or injured at school, contact will be made with a parent/guardian. If in the opinion of a school employee, emergency personnel are needed, 911 will be called.

### **CPR TRAINING 5.80**

AED and CPR Video training can be found on the IHSA website. A video on hands-only cardiopulmonary resuscitation and automated external defibrillators is posted. We encourage parents/guardians and staff to view it at <http://www.ihsa.org/Resources/SportsMedicine/CPRTTraining.aspx>.

## **DISCIPLINE, CONDUCT AND DRESS CODE**

### **GENERAL RULES 6.00**

1. Students must respect the authority of teachers, paraprofessionals and administrators.
2. Students must be kind in speech to one another.
3. Students must keep hands to themselves and refrain from physical contact.
4. Causing or attempting to cause damage to, stealing or attempting to steal, school property or another person's property is prohibited.

## **PREVENTION OF AND RESPONSE TO STUDENT BULLYING, INTIMIDATION, HARASSMENT 6.100**

Bullying, intimidation and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important goals at Aviston Elementary.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics or any other distinguishing characteristic is prohibited in each of the following situations:

4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function or program or from the use of technology or an electronic device that is not owned, leased or used by a school or if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a District to monitor any non-school-related activity, function or program.

Definitions from Section 27-23.7 of the School Code (105 ILSC 5/27-23.7):

*School personnel* means persons employed by, on contract with, or who volunteer in a District, including without limitation to school District administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, paraprofessionals, coaches and security guards.

#### Bullying Prevention and Response Plan:

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the following requirements:

- The District uses the definition of *bullying* as provided in this policy.
- Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based view protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.

- Students are encouraged to immediately report bullying. A report may be made orally or in writing to the District Complaint Manager or any staff member with whom the student is comfortable speaking. The Superintendent or designee shall investigate whether a reported act of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support service and other programs.

- The Superintendent or designee shall use interventions to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services and community-based services.

- A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.

However, knowingly making a false accusation or providing knowingly false information will be treated as *bullying* for purposes of determining any consequences or other appropriate remedial actions.

- The Superintendent or designee shall post this policy on the District's Internet website, if any, and include it in the Parent & Student Handbook, and, where applicable, post it where other policies, rules and standards of conduct are currently posted. The policy must also be distributed annually to parents/guardians, students and school personnel, including new employees when hired.

A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

An allegation that a student was a victim of any prohibited conduct perpetrated by a District employee, an agent of the school or another student shall be referred to the Nondiscrimination Coordinator or Complaint Managers for appropriate action.

**TITLE IX SEXUAL HARASSMENT GRIEVANCE PROCEDURE 6.110**

Sexual harassment affects a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from sexual harassment is an important District goal. The District does not discriminate on the basis of sex in any of its education programs or activities, and it complies with Title IX of the Education Amendments of 1972 (Title IX) and its implementing regulations (34 C.F.R. Part 106) concerning everyone in the District's education programs and activities, including applicants for employment, students, parents/guardians, employees and third parties. To view the full Title IX Sexual Harassment Policy and Grievance Procedure, visit the District website at [www.avistonk-8.org](http://www.avistonk-8.org).

## **FIELD TRIPS 6.120**

One field trip per classroom per year is approved. If a class plans more than one per year, special permission from the Superintendent is required. Students are expected to conduct themselves as they would at school. School dress code will be observed unless noted otherwise by the teacher. No electronic devices (cell phones, smart watches, etc.) are allowed on field trips. Because field trips are a day of learning for the child and class, student's siblings are not permitted to attend. Field trips are considered a school attendance day. Any student that does not attend without an excused note citing an appropriate reason will be considered unexcused. (See 2.00).

## **FIELD TRIPS AND CHAPERONES 6.130**

Parents/guardians are welcome as chaperones for field trips. The teacher(s) involved in planning the trip will determine the number of chaperones required for supervision of students. Not all field trip destinations are appropriate for more than the class and a few chaperones. Bus transportation may not be available for all chaperones. Chaperones are encouraged to attend to the students at all times and should report student problems to the teacher in charge of the trip.

Board policy requires appropriate behavior by all adults in contact with students. Obscene or vulgar language, smoking or use of tobacco products, and the consumption, possession, distribution or act of being under the influence of alcohol or other drugs is prohibited by adults who come in contact with our students. While some field trip locations may provide opportunity for adults to purchase or use these substances, the adult must refrain from doing so while acting as a chaperone.

## **CONSEQUENCES FOR MISCONDUCT**

If rules listed under the "Discipline, Conduct and Dress Code" (6.00-6.60) section are not obeyed by students, consequences will be administered. Consequences for not following the rules may include a warning, loss of recess, loss of extra-curricular privileges, conference with the child and parent/guardian, after school detention, in-school suspension and/or external suspension up to and including expulsion.

## **CORPORAL PUNISHMENT 7.00**

Corporal punishment will not be administered at Aviston Elementary District #21.

## **DETENTION 7.10**

Detention is time served after regular school hours as a consequence for inappropriate behavior. Detention is supervised by a certified school employee and a 24-hour notice is given to a parent/guardian before detention is served. Detentions are held on Monday-Thursday. Good judgment will be used if the parent/guardian has an important prior commitment, however, the detention must be served as soon as possible.

The classroom teacher or administrator may assign a detention. Other teachers or playground supervisors who find cause for assigning detention to a student will first discuss with the classroom teacher or an administrator before detention is assigned. Homework detentions run from 3:05 - 3:35 and conduct detentions run from 3:05 - 4:05.

The following rules will apply to homework detentions:

- Missing/late/incomplete assignment #1, #2, #3 - warnings
- Missing/late/incomplete assignment #4, #5 - 30-minute homework detention (3:05 - 3:35)
- Missing/late/incomplete assignment #6, #7 - 1-hour homework detention (3:05 - 4:05)
  - o Anything in excess of 7 missing/late/incomplete assignments will result in a student/parent/teacher & administrator conference to discuss how success can be attained.
- Missing/late/incomplete assignment #8 - mandatory tutoring
- Each quarter all students will “start over” in regards to missing assignments.

### **DETENTION PROCESS 7.20**

Steps in the detention process:

2. Detentions must be served the following school day, Monday - Thursday, unless an administrator has approved a later date. Detentions are not served on Fridays.
3. Two conduct detentions will result in a conference with the student, parents/guardians, teachers and an administrator.
4. See Extracurricular Expectations 10.60 for details regarding conduct and extracurricular activities.
5. Repeated detentions may result in an in-school and/or out-of-school suspension.

### **DETENTION RULES 7.30**

1. Any type of detention takes precedence over other school activities, including extracurriculars.
2. Students must be silent during detention.
3. During a homework detention, students must be prepared to do homework or read a book.

5. Students may only leave the detention room with the teacher’s permission.
6. Every effort will be made to apply this rule in Grades 5-8.
7. Detentions will be used with discretion for Grades 1-4.

### **IN-SCHOOL SUSPENSION 7.40**

In-school suspension is used for more serious offenses or for students who have repeatedly caused problems. In-school suspension will include being removed from the school population with class work in a supervised area. Credit will be given for work completed.

### **OUT OF SCHOOL SUSPENSION AND EXPULSION 7.50**

Student policy in regard to suspension and expulsion will follow the provisions in Chapter 122, Article 10, Section 22.6 of the Illinois School Code and with applicable rules and regulations of the Illinois State Board of Education and the Board of Education of Aviston Elementary District #21.

Suspension of a student is considered to be a culmination of attempts to correct gross misconduct. This, however, is not meant to preclude the possibility of a sudden show of inappropriate behavior that might be sufficient to justify suspension. The Superintendent may suspend a student for up to 10 days for gross disobedience or misconduct, but must notify the parents/guardians of the suspension and their right to a hearing and other rights in this issue.

Aviston Elementary District #21 School Board may vote to expel students judged guilty of gross disobedience or misconduct, but only after a hearing before the Board or a hearing officer with the parents/guardians and the child present to discuss the student's behavior.

### **DUE PROCESS PROCEDURES FOR SUSPENSION 7.60**

Prior to the imposition of suspension, the following procedures shall be observed:

1. The suspending school administrator shall give the student oral or written notice of the charges and the evidence to support such charges.
2. If the student denies the charges, an opportunity shall be given to the student to present an explanation in a conference with the suspending school official.
3. The suspending school official shall make a decision and then inform the student if the suspension is to be imposed.

Students whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process may be immediately removed from school. In such cases, the requirements of notice and hearing shall follow as soon as possible, not to exceed three school days.

Immediately upon imposition of suspension, the student and parent/guardian of the student shall receive written notice of the following:

1. The reason for suspension, including a copy of specific rules and regulations allegedly violated by the student.
2. The beginning date and total number of days of the suspension.
3. The right to review the suspension as set forth in a request for a review hearing shall be submitted in writing within 10 school days after the receipt of the suspension notices. The review hearing shall take place within 10 school days of the receipt of the request or on a date mutually acceptable to all parties involved.

### **DUE PROCESS FOR EXPULSION 7.70**

The following are expulsion procedures:

1. Before expulsion, the student and parents/guardians shall be provided written notice of the time, place and purpose of a hearing by registered or certified mail requesting the appearance of the parents/guardians. If requested, the student shall have a hearing, at the time and place designated in the notice, conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed by the Board, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate.
2. During the expulsion hearing, the student and parents/guardians may be represented by counsel, present witnesses and other evidence and cross-examine witnesses. At the expulsion hearing, the Board or hearing officer shall hear evidence of whether the student is guilty of the gross disobedience or misconduct as charged. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt and take such action as it finds appropriate.

## INTERNET, TECHNOLOGY AND PUBLICATIONS

### **INTERNET ACCEPTABLE USE 8.00**

Any user who violates the Internet Acceptable Use Policy shall be subject to disciplinary action including, but not limited to, revocation of access privileges. Additionally, if a user's conduct constitutes a violation of copyright laws, the user and/or the user's parent/guardian may be subject to prosecution under such laws. Any user who intentionally or negligently damages or destroys District hardware and/or software will also be responsible for all costs associated with repair and/or replacement parts and services.

Use is a privilege, not a right. Students and staff members have no expectation of privacy in any material that is stored, transmitted, or received via the District's electronic network or District computers. General rules for behavior and communications apply when using electronic networks. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

### **NON-SCHOOL-SPONSORED PUBLICATION/WEBSITES 8.10**

For purposes of this section, a *publication* includes, without limitation: (1) written or electronic print material, (2) audio-visual material on any medium, or combinations of these whether offline or online or (3) information or material on electronic devices.

Creating, distributing and/or accessing non-school sponsored publications shall occur at a time and place in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the publication is endorsed by the District.

Students are prohibited from creating, distributing and/or accessing at school any publication that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others or infringes on a copyright;
3. Is socially inappropriate or inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, contains indecent and vulgar language or *sexting* as defined by School Board Policy and Parent & Student Handbook;
4. Is reasonably viewed as promoting illegal drug use; or
5. Is distributed in Kindergarten through Eighth Grade and is primarily prepared by non-students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources as long as the material to be distributed or accessed is primarily prepared by students.

Accessing or distributing "on-campus" includes accessing or distributing on school property or at

school-related activities. A student engages in gross disobedience and misconduct and may be disciplined for: (1) accessing or distributing forbidden material, or (2) for writing, creating or publishing such material intending for it to be accessed or distributed at school.

### **ACCESS TO STUDENT SOCIAL NETWORKING PASSWORDS AND WEBSITES 8.20**

## **SEARCH AND SEIZURE**

### **SEARCH AND SEIZURE 9.00**

In order to maintain order, safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal property.

School authorities may inspect and search school property and equipment owned or controlled by the school such as lockers, desks and parking lots, as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or of their personal belongings left there.

The building administrator may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots and other school property and equipment for illegal drugs, weapons or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

School authorities may search a student and/or the student's personal effects in the student's possession such as, purses, wallets, knapsacks, book bags, lunch boxes, when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

If a search produces evidence that the student has violated or is violating either the law or the school's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

### **SEARCH LOCKER POLICY 9.10**

School lockers are owned and controlled by the Aviston Elementary District #21 and locker inspections may occur periodically throughout the school year.

## **VALUABLES 9.20**

## **ATHLETICS AND EXTRACURRICULAR ACTIVITIES**

### **EXTRACURRICULAR ACTIVITIES 10.00**

Extracurricular activities shall mean any activity: academic, sports, band or other, which meets on a regular basis, after-school hours, for the purposes of competition preparation, program or events. The activities must be sponsored by Aviston Elementary to be considered an extracurricular activity.

All students who participate in extracurricular activities must maintain a passing grade in all classes. A grade check must include a minimum of three grades in one subject.

Grade Checks:

- Grades will be checked every Friday.
- If a student has an 'F' in any subject at grade check, the student will be ineligible to participate in extracurricular activities for a period of one week beginning the following Monday through Sunday.

The following rules will govern the ineligibility time:

- o The first time that a student receives an 'F' or more than one 'F', that player will be ineligible for extracurricular activities (including games and/or practices) for a period of one week and may not attend as a fan. During that time, the grade must be brought above an 'F' and improvements must be shown in the subject(s) or the player will remain ineligible.
- o The second grade check with an 'F' will result in two weeks in being ineligible for participation in the extracurricular activity.
- o The third time the student has an 'F', the player will be removed from the extracurricular activity.
- o These rules only pertain to one activity/sport's season. When another activity/sport's season begins, a student may resume participation.
- o Detentions may result in additional consequences set forth by a coach.
- o Special education student grade checks will be dealt with individually according to their Individualized Education Plan.

Violation of the behavior rules: Students who violate the behavior guidelines will be warned once by the game supervisor and may be asked to miss one game. For a second offense, a student will be banned from two games. For a third offense, a student will be banned from the games for the remainder of the season. The administrator will call the parents/guardians to notify them of the warning before the first suspension.

Any parent/guardian that has a concern regarding playing time or experience during an extracurricular activity has the right to talk to the coach or moderator. Playing time, practice situations or any other reasonable questions are accepted, however, no parent/guardian may talk to a coach on the floor or near the field directly after a game or match. An appointment must be made by phone or email so a private conversation can be held 24 hours post game. All school rules, including the school's discipline code and dress code are in effect during school-sponsored dances.

Students who violate the school's discipline code may be required to leave the dance after a parent/guardian is contacted.

Because dances are school-sponsored, a student must have a parent's/guardian's consent to leave a function early. Parents/guardians must pick up only their child, unless a parent/guardian has provided a signed note to chaperones.

A student who exhibits signs, symptoms or behaviors consistent with a concussion will be removed from participation or competition at that time. A student athlete who has a possible concussion or head injury may not participate in athletics unless cleared to do so by a physician licensed to practice medicine or a certified athletic trainer. ## **NOTICE TO PARENTS ON SEX EDUCATION INSTRUCTION 13.30**

For your information, State law requires that all sex education instruction must be age appropriate, evidence-based and medically accurate. Courses that discuss sexual intercourse place substantial emphasis on both abstinence and contraception for the prevention of pregnancy and sexually transmitted diseases. Courses will emphasize that abstinence is a responsible and positive decision and the only 100% effective method in the prevention of pregnancy and sexually transmitted diseases, including HIV/AIDS. Family life courses are designed to promote a wholesome and comprehensive understanding of the emotional, psychological, physiological, hygienic and social responsibility aspects of family life, and for Grades 6-8, the prevention of AIDS.

## **PARENT INVOLVEMENT COMPACT 13.40**

The Parent Teacher Association (PTA) was formed to encourage cooperation between the school and home. The PTA annually has meetings for all parents/guardians twice during the school year. Meeting dates are noted in the school newsletter. The meetings serve as a forum for the exchange of ideas and information. Through the organization, parents/guardians offer assistance to the school in a variety of programs.

At the meeting, the organization will discuss parental involvement and opportunities for parents/guardians on how to get involved in the education of their children. Parents/guardians are encouraged to attend the meeting and participate in the discussions. Parents/guardians should use the meetings as an opportunity to ask questions, make suggestions and learn about the opportunities and programming available for parents/guardians to be fully involved in the educational process.

The school and its teachers also provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent/guardian schedules. Parents/guardians will be given notice of meeting availability, and at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/guardians will be involved in an organized and timely way when programs are created, considered or altered and will be continually involved in the ongoing development of programming, curriculum and policy.

The school provides parents/guardians with access to:

1. School performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
2. A description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. Opportunities for regular meetings to formulate suggestions, share experiences with other parents/guardians, and participate as appropriate in decisions relating to the education of their children if such parents/guardians so desire; and
4. Timely responses to suggestions.

Everyone is responsible for the success of the students. While the school provides the best education possible, it is critical to the success of students that parents/guardians assist in meeting the goals of the education set forth by Aviston Elementary and the State and Federal government.

The state's resources on parental involvement can be located at <http://illinoisparents.org/>. The state's website on parental involvement provides information, training and support for parents/guardians and schools on various websites which may be useful or interesting to parents/guardians and students, and provides advice and information about how to get involved and participate in the educational process. Resources are provided by search, by county and by categorical query.

## GUIDELINES TO ILLNESSES

Students with a fever must remain home until fever free for 24 hours without medication. If a student develops a fever over 100.4° while at school, a parent/guardian will be notified.

**Chicken Pox** - a highly contagious disease caused by a virus. It is spread from person-to-person by direct contact or by sneezing and/or coughing. Symptoms usually start about 2 weeks after exposure, including a fever, feeling of tiredness and an itchy rash. The rash usually starts on the chest, stomach or back, then will progress to the face. Chicken pox is contagious 1 - 2 days before the rash appears AND until all the blisters have formed scabs. Once all the pox have scabbed over, the student can then return to school (usually 3-5 days). Treatment: Acetaminophen can be given to reduce fever. Do NOT give aspirin. Calamine lotion and antihistamines can help reduce itching.

**COVID-19** - is a mild to severe respiratory illness that is caused by a coronavirus, is transmitted chiefly by contact with infectious material or with objects or surfaces contaminated by the causative virus, and is characterized especially by fever, cough, and shortness of breath and may progress to pneumonia and respiratory failure. According to the CDC, symptoms may appear 2-14 days after exposure to the virus. Symptoms include fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting and diarrhea. Emergency warning signs include trouble breathing, persistent pain or pressure in the chest, new confusion, inability to wake or stay awake or bluish lips or face; if someone is experiencing these symptoms they should seek medical care immediately. See the CDC and IDPH websites for the latest guidelines.

**Fifth's Disease** - is a common childhood illness. It is sometimes called "slapped cheek disease" because the rash that some people get is on the face. Rash looks red and lacy. It is spread by coughing and sneezing. This illness is spread while the child has flu-like symptoms before the rash appears. To treat: the child needs rest, fluids and pain relievers, if needed.

**Hand, Foot and Mouth Disease** - is a common viral illness in children & infants. The disease causes fever and blister-like eruptions in the mouth and/or a skin rash. This usually begins with a fever, poor appetite, feeling vaguely unwell and often a sore throat. 1-2 days after the fever, painful sores usually develop in the mouth. They begin as small red spots, then develop into ulcers. They are usually located on the tongue, gums and inside of the cheek. A non-itchy rash develops over a 1-2 day period. The rash will have flat or raised spots, sometimes with blisters. This rash is usually located on the palms of hands and soles of the feet. This disease is spread person-to-person by sneezing, coughing, touching things infected people have touched and not washing hands. It is most contagious the 1<sup>st</sup> week. Treatment: NONE. Fever and pain can be treated with medicine (Tylenol/Motrin).

**Head/Body Lice** - Over-the-counter (OTC) treatments can be used and do not require a prescription. OTC treatment can be found at local drug stores or pharmacies. Treatment: Remove all clothing. Apply head lice treatment according to the OTC label instructions. Have the person put on clean clothes after treatment; do not re-wash the hair for 1-2 days after the lice treatment is removed; repeat treatment in 7-10 days or according to OTC label. Nits may persist 2-3 days after treatment.

**Influenza** - is a respiratory illness caused by a virus. Symptoms include fever, muscle aches, headache and fatigue. Respiratory symptoms are a cough, sore throat and a runny or stuffy nose. Although nausea and/or vomiting can accompany it, it is rarely prominent. The flu is spread person-to-person, usually by coughing and/or sneezing, touching things that an infected person has touched and not washing your hands. Treatment: get plenty of rest and drink lots of fluids.

**Pink-Eye** - Several viruses and bacteria can cause conjunctivitis (pink eye), some of which are very contagious. Each of these types of germs can spread from person to person in different ways. They usually spread from an infected person to others through close personal contact, such as touching or shaking hands, the air by coughing and sneezing or touching an object or surface with germs on it, then touching eyes before washing hands. If a child has conjunctivitis but does not have fever or other symptoms, the student may remain at school with a doctor's approval. However, if the child still has symptoms, the student should remain home.

**Strep Throat** - is a virus that causes the person to have a sore throat. It feels like you are swallowing needles. Symptoms include sore throat, fever and fatigue. If you have a sore throat that continues for more than 3 days, we recommend seeing a doctor to be tested for strep. Strep is spread from person-to-person by coughing, sneezing, drinking out of the same cup, touching things that an infected person has touched and not washing hands. Treatment: Prescription medication. A student may not return to school until they have been on medication for at least 12 hours.

**Swine Flu** - is an influenza that is caused by a H1N1 virus. Symptoms include fever, disorientation, stiffness of joints and vomiting. It is spread much like the seasonal flu, coughing, sneezing, touching things infected people have touched and not washing hands. Treatment: The CDC recommends using Tamiflu to help with the swine flu.
